### August to November 2010 – San Jose State University (SJSU)

- Student exchange program. Main courses: computer networks, operating systems, coding theory, international management – San Jose, California

## SKILLS

---

### Software development

- Programming languages: C, C++, Java, Scala
- Relational SGBDs: MySQL, PostgreSQL
- NoSQL technologies: MongoDB, Redis, Neo4j
- Version control: SVN, Git
- Back-end web development: Scala and Java (Play! Framework 2), PHP (CakePHP, Symfony 2)
- Front-end web development: HTML5, CSS3, JavaScript (jQuery, Backbone.js, Underscore.js...)

ENGLISH
Fluent TOEIC score: 940

GERMAN
Conversational BI certification

## EXPERIENCE

---

### Summer 2012 – Full-stack web developer, ZapTravel

- In charge of the front-end of our web application, I was also involved in back-end development. As a very early employee of this start-up, I contributed to the design of the product and most of the technical decisions we made. We launched a revolutionary travel booking platform in less than 4 months.

### 2010-2012 – Software developer, SEPEFREI

- Did database design and full-stack web development for several customers of this junior enterprise, entirely managed by students, and ranked among the top 30 junior enterprises in France.

### Since 2010 – Founder and software developer, Welite

- We launched this development studio in 2010, and have worked for several customers since; mostly doing web development, CMS & e-commerce integration, as well as web hosting.

## ASSOCIATIONS

---

### 2011 – Global Management Challenge

- Member of a 5-person team sponsored by SAS engaged in this international management challenge. I was in charge of all decisions regarding human resources management of our (virtual) company: hiring, salary, shifts.

### 2009-2012 – Cap EFREI Sailing team

- Sponsor research, communication and team management for a student sailing club with a 15,000€ budget. We managed to re-form the club and join the biggest student sailing competition in Europe three years in a row.

## INTERESTS

---

- Sports: sailing (regattas or pleasure), running, boxing, swimming, water polo
- Many travels in Europe, America and Africa
