## EDUCATION

### Since 2008 (graduating in 2013) – EFREI Engineering School
- Main topics: software development, computer networks, systems security – Paris, France

### 2012-2013 – University of Quebec in Montreal (UQAM)
- Student exchange program. Main courses: new perspectives in databases, parallel programming, advanced principles of object-oriented programming – Montréal, Canada

### August to November 2010 – San Jose State University (SJSU)
- Student exchange program. Main courses: computer networks, operating systems, coding theory, international management – San Jose, California

## SKILLS

### Software development
- Programming languages: C, C++, Java, Scala
- Relational SGBDs: MySQL, PostgreSQL
- NoSQL technologies: MongoDB, Redis, Neo4j
- Version control: SVN, Git
- Back-end web development: Scala and Java (Play! Framework 2), PHP (CakePHP, Symfony 2)
- Front-end web development: HTML5, CSS3, JavaScript (jQuery, Backbone.js, Underscore.js…)

| ENGLISH | GERMAN |
|---|---|
| Fluent TOEIC score: 940 | Conversational B1 certification |

## EXPERIENCE

### Summer 2012 – Full-stack web developer, ZapTravel
- Early employee of this 6-person start-up. Front-end developer (HTML5, JavaScript, Backbone.js), also involved in back-end development (Scala, Play Framework). Contributed to the design of the product and most of the technical decisions. Launched a revolutionary travel booking platform in less than 4 months.

### 2010-2012 – Software developer, SEPEFREI
- Did database design and full-stack web development for several customers of this junior enterprise, entirely managed by students, and ranked among the top 30 junior enterprises in France.

### Since 2010 – Founder and software developer, Welite
- Launched this development studio in 2010, and worked for several customers since. Mostly doing web development, CMS & e-commerce integration, as well as web hosting.

## ASSOCIATIONS

### 2011 – Global Management Challenge
- Member of a 5-person team sponsored by SAS engaged in this international management challenge. In charge of all decisions regarding human resources management of our (virtual) company: hiring, salary, shifts.

### 2009-2012 – Cap EFREI Sailing team
- Sponsor research, communication and team management for a student sailing club with a 15,000€ budget. Managed to re-form the club and join the biggest student sailing competition in Europe three years in a row.

## INTERESTS

- Sports: sailing (both as a hobby and for regattas ), running, boxing, swimming, water polo
- Traveled to Europe, America and Africa
